ENGLAND RUSHING TROOPS TO PERSIA

Loses No Time in Acting After Attack on Consul.

CRUISER FOX IS AT BUSHIRE

Government's Expressed Intention in Sending Reinforcements Is to Protect Consulates and Trade Routes—Further Details of Attack on Smart Are Received.

Bushire, Persia, December 31.—The British government has lost no time in sending troops to Persia. It was the expressed intention of the government to increase the number of Indian troops employed in Southern Persia to protect the British consulates and the trade routes. Quick action, however, was considered necessary by the recent attack near Kazeroun by Khashgai tribesmen on the British consul, W. A. Smart, while being escorted to his post at Shiraz by a detachment of Indian sowars. The British protected cruiser Fox arrived here last evening and landed 165 men of the Indian infantry, against possible contingencies.

Further details have been received of the attack on Consul Smart. The consul's escort was engaged twice. On the first occasion they drove off the natives, who were cleared from the hills with the loss of only one killed and one wounded on the British side. On the second occasion the sowars had to fight a rear guard action for eight miles. They saved the convoy, including a large amount of specie. In this encounter the British lost five men killed and ten wounded. Consul Smart himself was injured, but only slightly.

Threatens to Destroy Bank. London, January 1.—The Post's Tehran correspondent says Salar Ed Dowlat has telegraphed to the government that unless \$50,000 consigned by Treasurer-General Shuster is returned to him he will demolish the Imperial Bank buildings at Kermanshah, a town in the province of Adilan of which he still retains possession.

It was the confiscation of Salar Ed Dowlat's property at Tehran that led to the incident with the Russian consul, resulting finally in the Russian ultimatum and the dismissal of Mr. Shuster.

NEGRO IS LYNCHED

Strung Up to Telephone Wires by

Salisbury, Okla., December 31.—After murdering George Casey, a white farmer of Muldrow, with an axe and criminally assaulting the farmer's wife last night, a negro named Turner was lynched to-day by an infuriated mob in the streets of Muldrow.

The negro invaded the Casey home about midnight after he had stolen an engine from the roundhouse of the Iron Mountain Railroad at Van Buren, Ark., and driven it to Muldrow. At that place the engine was derailed by the station agent, but the negro escaped and hurried to the Casey home. On the pretense by the negro that he was almost frozen Casey let him into his home to warm. A few minutes later the negro stepped out the side door of the house and returned with an axe with which he almost decapitated Casey, killing him instantly. The negro then assaulted the unprotected wife of the farmer, after which he is said to have sunk into a drunken stupor. Mrs. Casey escaped from the house in her night dress, and after running about two miles, told citizens of Muldrow of the atrocious acts of Turner.

An infuriated mob proceeded quickly to the Casey home. The negro was strung up to the telephone wires by a rope on the main street of Muldrow.

\$35,000 FROM ROCKEFELLER

Tarrytown Y. M. C. A. Raises Balance

Tarrytown, N. Y., December 31.—"What a man gets out of a job, then he gets up against it," said John D. Rockefeller on the telephone yesterday afternoon, when Robert A. Patterson, president of the Y. M. C. A., notified him that the association had raised \$65,000 toward the \$100,000 building fund, and was ready to receive his check for \$35,000 promised conditionally on the whole amount being raised.

Mr. Rockefeller had stipulated that he would give \$35,000 if the association actually raised real money, not promises. For two days the members of the association have been working hard, and subscriptions have been received from \$1 up to \$50. One subscription of \$1,000 was received yesterday, and this really won Mr. Rockefeller's offer. The association had the promise of it some time ago if it was needed. The association would not give the name of the subscriber, but it is believed to have been John D. Rockefeller, Jr., who already had subscribed \$2,000.

The committee forwarded to the elder Mr. Rockefeller yesterday afternoon a complete list of the collections, with expenses, and his check is expected on Monday.

SHOOT GIRL, KILLS HIMSELF

Jealousy Believed to Have Been Cause

Waverly, N. Y., December 31.—Barrett Lewis, the nineteen-year-old son of Francis Lewis, of Detroit, shot Nina Lawrence, daughter of O. H. Lawrence, of Waverly, to-night, and then committed suicide. The young woman was shot in the leg and neck, but has a chance of recovery. Young Lewis shot himself in the head. Jealousy probably caused the tragedy. Lewis came here from Detroit, where his father is a captain in the United States life saving service, to visit relatives during the holidays.

WIDOW IS ARRESTED

She Is Charged With Murder of Former

Chicago, December 31.—Mrs. Rene Morrow, widow of Charles B. Morrow, was arrested to-day when investigation of Morrow's death was reopened after a coroner's jury had returned a suicide verdict.

Morrow, a former wealthy inventor, was found shot to death on a rear porch of his home on December 25. Mrs. Morrow was the principal witness at the inquest. She said her husband had been despondent.

Mrs. Morrow attended her husband's funeral to-day under guard. She is considerably younger than her husband, who was fifty-one years of age. A formal charge of murder was made against Mrs. Morrow by Police Inspector Clancy to-night after a consultation with Dr. Arthur Morrow, of Hinsdale, Ill., a son of the dead man, and Attorney Potts, Morrow's lawyer. "I have learned," said Inspector Clancy, that Mrs. Morrow was infatuated with an automobile salesman and had made threats against Morrow's life. Also, Mrs. Morrow was possessed of property worth \$25,000 which had been decided to her by her husband about a year ago, when Morrow's business was forced into bankruptcy.

"Recently, after his wife had ordered him to leave his home, Morrow planned to start suit in attempt to recover this property. Boarders at the Morrow home say Mrs. Morrow frequently abused her husband and forced hardships upon him.

"I don't know a single thing about his death, but I believe he killed himself because of financial troubles. He was often despondent."

HONOR IS DECLINED

Vall Does Not Wish to Be Delegate to

Burlington, Vt., December 31.—Theodore N. Vall, one of the leading farmers of this State and also president of the American Telephone and Telegraph Company, has declined to be a delegate to the National Republican Convention. Once he declined the Republican nomination for Governor. Writing from Speedwell Farms, in Lyndon, Mr. Vall says the reason he has no political ambition is because he desires to be "free to act in many matters free from any misconstruction" of his motive.

Regarding the convention Mr. Vall said: "When it was suggested that I might be selected as a delegate to the national convention it did not at once occur to me that this would be regarded as a political office, but merely a delegate to express the voice of the public in its choice of a candidate already settled, barring unforeseen and improbable happenings.

As to the making of the platform for the party, he regarded as settled on its broad lines. There are not likely to be any radical changes. The accepted and well defined tenets of Republicanism in such a way as will be understandable, effective and workable, and appeal to the sober common sense of the public, while avoiding sensationalism, everything that will be disturbing and impracticable and appeal only to ignorance, prejudice and passion.

"In view of the fact that to be a delegate to the national convention would be looked upon as political preference, and already has been subject to much construction and misstatement, and in view of my previous announced position, I take this opportunity to state through you that I will not be a candidate for nor would I accept the position."

SHOT BY COMPANION

Scherff Is Victim of Fatal Accident

Memphis, Tenn., December 31.—Samuel Scherff, general manager of the Bry-Block Mercantile Company's store here, was accidentally shot by a companion yesterday while duck hunting on Big Lake, Ark. Mr. Scherff was hurried thirty miles to Jonesboro on a special train, but by the time he was in charge of physicians the loss of blood had been so great that he died early this morning.

Mr. Scherff was prominent in this city and belonged to the Elks, Masons, Shriners and other organizations. The name of the hunter who shot him is unknown, as the men who know refuse to tell it.

CAMDEN GIRL EXPIRES

Dies in Financier's Arms From Heart

Philadelphia, Pa., December 31.—Miss Ethel E. Rodgers, twenty-five years old, of Camden, dropped dead yesterday afternoon in the arms of F. W. Lake, to whom she was engaged, while the two were walking in this city. Death was due to heart disease. She was hurriedly lifted into an automobile and driven to the Jefferson Hospital. There she was pronounced dead. Mr. Lake was so overcome that he was hardly able to leave the hospital to notify the young woman's family of her death.

CONDITION MUCH BETTER

Underwood Will Be Able to Resume

Washington, December 31.—The condition of Representative Oscar Underwood, of Alabama, who yesterday was taken ill with indications of appendicitis, was much improved to-day, and he announced that he expected to be able to resume his duties as chairman of the House Committee on Ways and Means with the beginning of business Tuesday. It is stated now that his indisposition was due to a severe cold.

WOMEN CONVICT WOMAN

Fair Jurors Not Lent With One of

Tacoma, Wash., December 31.—For the first time in Washington a jury of women has convicted a woman. At Bremerton a jury of six women found Mrs. Mary Johnson guilty of poisoning Mrs. Rook on the head with a rock. Their dispute was over rent. The stone used constituted exhibit A.

Convention Fund Raised.

New York, December 31.—The local committee which is urging that the metropolis be the place chosen for holding the Democratic National Convention, addressed letters to every member of the National Democratic Committee, announcing that sufficient funds had been guaranteed and a suitable hall obtained to care for the convention.

CREW BRINGS BACK REMARKABLE TALE

Compelled to Obey Orders at Point of Pistol.

VESSEL HAD MANY CHANGES OF NAME

Clears From Antwerp With Cargo of Arms and Ammunition for Paraguayan Revolutionists, and Makes Her Way Up the Rio De La Plata.

Antwerp, December 31.—The crew of the steamer Zebrugge, which sailed from here on the night of October 12 with a cargo of arms and ammunition, it was believed for the Portuguese royalists, returned to-day to Antwerp. Members of the crew related a remarkable story. It appears that the steamer and its cargo were not intended for the Portuguese royalists, but for the Paraguayan revolutionists. She carried 250 tons of powder, four large cannons, one machine gun, 6,000 rifles, a wireless apparatus, uniforms and other military supplies. There were two English passengers and five Spanish passengers aboard. One of the Spaniards, Arrieros by name, assumed direction of affairs as soon as the steamer was out of sight of land.

The Zebrugge, instead of proceeding for Port Stanley, Falkland Islands, for which she had cleared, headed direct for South America. The Belgian sailors then learned that it was the intention to attack the Paraguayan villages on the Rio De la Plata. As soon as the South American coast was sighted Arrieros mounted the guns on deck. When the mouth of the Rio De la Plata was reached, the Brazilian flag was hoisted. The hull of the steamer was repainted and her name changed to Colombia. Thanks to a head-on snowstorm the vessel got past Montevideo and Buenos Ayres without attracting attention. Her name was again changed to Arrieros.

The Belgians who made up the crew were compelled to obey orders, Arrieros standing over them with a revolver, and they feared, too, that if the vessel were taken they would be summarily dealt with. They continued therefore to work the ship up the river, during which the vessel's name underwent another change; the name Constitucion being painted on her side.

When the Paraguayan border was reached, the English captain announced that the steamer belonged to Arrieros, and the men were free to leave. Refusing the invitation of Arrieros to join his expedition, they made their way to Buenos Ayres and thence to Antwerp. Difficulties having arisen between the crew and the former Belgian owners of the Zebrugge about their wages, the sailors have brought suit against the owners. One of the Antwerp deputies has announced his intention of demanding explanations from the government in the chamber for not preventing such a flagrant breach of neutrality.

CREW NEARLY STARVED

Schooner Out 20 Days From Virginia

Atlantic City, N. J., December 31.—Almost dead from hunger and overwork, the crew of the schooner Julius Trubee was relieved by the Atlantic City life saving guards to-day. When the vessel was sighted six miles below this city, the life-saving crew could barely make out the signal, "Suffering for want of food." The lifeboat was quickly launched and a supply of provender hurried to the men, who had been twenty-nine days out from Virginia, en route to New York. The vessel was in a severe weather and was driven many miles out of its course.

While returning from the relief of the half-starved men, the crew heard the wailing of the Alpha, a freighter, calling for aid. The vessel stranded, ed three-quarters of a mile from the beach, off Vermont Avenue. She is flanked on all sides by dangerous shoals and may be a total loss. Captain Leach and Mate Williams have refused to abandon her. The crew of nine was brought ashore at 8 o'clock by two Federal crews.

The Alpha grounded on the south beach, off Rhode Island Avenue, at 3 o'clock. Captain Leach backed the vessel from her original position, but pulled upon the north end of the bar, snapping off her rudder, and a few minutes later losing both anchors. A tug was summoned from New York, and an attempt will be made later to drag the ship to safety unless she springs a leak during the night. The tug took out anchors and chain, and will stand by all night to rescue the men aboard should the Alpha founder.

WILL GIVE UP CLUB LIFE

Heads of Big Shoe Firm Say They In-

terfere With Business. St. Louis, December 31.—Jackson Johnson and Henry W. Peters, president and vice-president, respectively, of a new \$25,000,000 shoe company, have announced that they will give up active connection with their clubs "because sociability interferes with business."

Johnson will resign on Monday from four organizations, while Peters will hold his membership, he says he will take no part in club life. "I have found that if a man goes out much at night he is not himself the next day, no matter how temperate he may be," said Johnson, who says he will quit playing golf.

"I think there is a tendency for heads of big concerns to devote too much time to relaxation," said Peters.

FOWLER IN NEW ORLEANS

Aviator Is Badly Delayed by Engine

Troubles. New Orleans, December 31.—Robert G. Fowler, the aviator, after numerous delays on account of engine trouble, finally reached New Orleans at 3:35 this afternoon. He flew from Anna, about eighteen miles above New Orleans, and landed in the City Park race course. Early this week he expects to leave for Gulfport and Mobile.

NO PARDON FOR MORSE

His Physical Condition Does Not War-

rant Interference. Washington, December 31.—It was announced at the White House to-night that the report of the army medical officers who have examined Charles W. Morse, convicted New York banker, serving sentence in the Atlanta (Ga.) Federal penitentiary, does not warrant immediate interference by the President, and the pardon will not be granted at this time.

The physicians made a physical examination of Morse in the military hospital at Fort McPherson, where the banker is being treated under guard. They also studied his mental condition and transmitted their findings to President Taft, through Surgeon-General Torney, yesterday.

The physicians find that Morse is suffering from arterio sclerosis, valvular trouble of the heart, Bright's disease, and has but recently suffered from an acute attack of congestion of the kidneys. They found no paralysis. The doctors pronounce Morse's condition necessarily incurable, but do not anticipate immediate death. Their recommendations are such that President Taft found no reason to depart from the attitude he has assumed in the Morse case.

It is generally understood that President Taft is unwilling that Morse die a prisoner, but he does not intend to grant the pardon until he is convinced that the prisoner is in a dying condition.

MAKES FULL CONFESSION

Mrs. Mary T. Godau Tells How She

Killed Son-in-Law. Mobile, Ala., December 31.—Arrested within a few minutes after the bloody remains of her son-in-law, Policeman Frederick Wasserlahen, had been found in a pond near the western city limits, Mrs. Mary T. Godau to-night made a full confession of the deed. Wasserlahen had been shot three times—twice through the head and once through the arm.

The killing occurred at the home of Wasserlahen, after, according to the confession, insulting remarks were made to Mrs. Godau. As a result of the insult, Mrs. Godau says she saw Wasserlahen's gun on a hall rack, picked it up, and returned to the room.

"I raised the pistol, and, looking him straight in the face, pulled the trigger. I thought I would do a good job while I was at it, so I pulled the trigger again."

Subsequently Mrs. Godau took the body in a wagon and dumped it into the pond where it was discovered.

Mrs. Godau has been married three times. Joseph Godau, her last husband, was murdered in a manner similar to the deed of to-day, but the grand jury failed to indict her. Another husband named Steiner mysteriously disappeared.

LITTLE GIRL DESPONDENT

Only Eleven Years Old, She Attempts

to Take Own Life. Passaic, December 31.—Juliana Kaiser, of Garfield, not yet twelve years old, trudged the streets searching for work, and failing to get it attempted suicide by drowning. John Norton, an Erie Railroad brakeman, caught her as she was about to leap from a bridge spanning the Dundee Canal at Monroe Street.

"Please let me go. I want to die!" she cried. She was taken to police headquarters, where she said: "Thinking my mother said she was unable to take care of us all any longer, she told me to go out and get work, and if I couldn't to drown myself. I went to Passaic in search of a place, but everybody told me I was too young. I remembered what mamma said, so I decided to jump into the river."

The police learned that the girl was the second oldest of a family of eight children, none of them old enough to work. Her father is employed in a worsted mill and earns \$12 a week. Mrs. Kaiser admitted she had sent her daughter to look for work, but denied telling her to drown herself if she failed. She promised Recorder Cook that she would take care of the child and send her to school.

PROTEST IS MADE

Anti-Imperialists Want No More Friar

Land in Philippines Sold. Boston, Mass., December 31.—A protest against any further sales of the friar lands in the Philippines is contained in a letter sent to President Taft by Moorfield Storey and Erving C. Briggs, president and secretary, respectively, of the Anti-Imperialist League. The letter was written in pursuance of a resolution adopted by the executive committee of the organization.

"We earnestly protest," says the letter, "against any further sales of lands in question, both because such sales tend to foreclose a question that is now under consideration by Congress and because the sales, in our judgment, tend to postpone the independence of the Philippine Islands and to embarrass the relations between those islands and the United States by creating interests adverse to the interest of the Filipino people."

CARRIERS BARRED

Hereafter They Must Not Be "Perni-

ciously Active" in Politics. Washington, December 31.—Several thousand rural free delivery letter carriers are barred from active participation in politics by an executive order signed by President Taft to-day. The order will be issued to-morrow. It forbids the rural letter carriers from pernicious activity in politics, and empowers the Civil Service Commission to dismiss any of them found to be so engaged.

The rural carriers, like all mail clerks and other post-office employees, are not to be denied the right of political belief and discussion of political candidates and issues, but their active participation in political affairs will be stopped. The term "pernicious activity in politics" is an elastic one, and it in the past has worked on other classes of Federal employees as an effective bar from politics.

EXIST NO LONGER

Federal Circuit Courts Cease to Be

With New Year. Washington, D. C., December 31.—Throughout the United States to-day marked the passing out of existence of the various Federal Circuit Courts, tribunals as old as the nation and more prominent in the early days of the republic than the Supreme Court itself. The new judiciary came, which goes into effect to-morrow, provided for the abolishment of the Circuit Courts. In the main the business of the Circuit Courts will be transferred to the Federal District Courts and the judges to the Circuit Courts of Appeals.

BEDLAM OF NOISE GREET'S NEW YEAR

Clanging Cow Bells and Tooting Horns Drown Prayers and Hymns.

CROWDS MOVE THROUGH SLUSH

New York Celebrates Coming of 1912 in Usual Noisy Fashion, Hotels and Restaurants Along Great White Way Being Crowded With Merrymakers.

New York, December 31.—The border line between 1911 and 1912 was marked here with more midnight church services than have been held on a New Year's Eve for many years, but prayers and hymns were almost drowned with a bedlam of noise in the streets. It was a rainy night, following an early morning snow, and the streets were slushy. But through them great crowds moved, tooting horns, clanging cow bells and cranking all sorts of novel noise-making devices.

There was a falling off in the downtown crowds, where hotels and restaurants are scarce, but from Fourteenth Street north for two or three miles, Broadway was a stream of humanity, with tributaries pouring in from all the side streets of the White Light district.

Difficulties in obtaining all-night licenses were overcome by adoption of the plan of ordering drinks in advance for delivery during hours not covered by license, and waiters were not disposed to argue when a patron insisted he had ordered his wine in advance, although the house had no record of it.

At one hotel flower girls stationed in the galleries of the dining room showered the diners with flowers, and Tennyson's New Year poem was sung in welcome to the year. In the main dining room of another hotel over 4,000 reservations were made for the evening, the feature being a sacred concert by an orchestra of sixty pieces.

One of the most fashionable hotels provided its women guests with red silk masks, which were worn until midnight. Another hotel gave elaborate bronze statues of Victory mounted on marble to 2,000 diners. Baskets woven of candy were favors at a Broadway restaurant. At all the eating places there were crowds, it being practically impossible to get a seat unless reservation had been made several days previously with an order for wine.

An international aspect was given to the celebration by an enormous electrical sign on Broadway, which flashed the hours at which the New Year was born in various cities, beginning in the early evening by flashing the news that it was a "Froch-lches Neus Jahr" in Berlin or a "Buon Capodanno" in Rome and so on around the world.

MRS. DAVISON RESIGNS

Woman Clerk of United States District

Court Quits Office. Detroit, Mich., December 31.—Carrie Davison's retirement on January 1 as clerk of the United States District Court here removes an interesting figure from the Federal judiciary. Only one other woman has acted in a similar capacity.

A few years ago the question of a woman presiding over court hearings was carried by James H. Pound, of Detroit, to several of the United States Supreme Court judges and to the Department of Justice.

Elmer W. Voorheis, private secretary of United States District Judge A. C. Angell, has been appointed to succeed Miss Davison, at it is understood that he will retain his predecessor on his office staff.

CHILDREN AS PICKPOCKETS

Sisters, Five and Nine Years Old, Ar-

rested in Chicago. Chicago, Ill., December 31.—Pearl and Mary Burick, sisters, aged five and nine years, are under arrest, charged with being shoplifters and pickpockets. The elder child is said to have been in the act of relieving Mrs. Phillip Glatt-nach of a purse when she was detected.

Under a bed in the home of the children, at 8714 Houston Avenue, the police say, they found five mesh bags, several purses, a cloak, several toys, including a doll, with the price mark, \$1.60, and a quantity of canned goods. The mother of the children denied all knowledge of the things.

REFUSES TO GIVE NAME

Young Bandit Willing to Plead Guilty,

to Murder. Centerville, Wash., December 31.—The young bandit who shot and killed Lawrence Barr, president of the Farmers and Merchants' Bank of Centerville, in an unsuccessful attempt to rob the bank last night, talked freely to-day, but refused to give his name.

He said his home formerly was in Syracuse, N. Y. On one side of his silver watch was engraved the word "Ernest," and on the other "Bibbitt." Barr's slayer expressed willingness to plead guilty to murder, and said he was aware that the penalty would be death.

LA FOLLETTE IN DETROIT

To-Day He Starts Speech-Making Tour

of Michigan. Detroit, Mich., December 31.—Senator Robert M. La Follette, of Wisconsin, reached Detroit to-night from Cincinnati, where last night he concluded a speech-making tour of Ohio. He appeared only slightly fatigued after his trip. To-morrow morning Senator La Follette will begin a three-day's trip through Michigan. The New Year's day program calls for addresses at Flint, Bay City and Saginaw.
